

HSSE Standards & Policies

Watto's Earthmoving & Machinery Hire is a leading earthmoving contractor throughout the Atherton Tablelands and surrounds, specialising in development and delivery of civil contracting services including road reconstruction, dam building, building platforms, sub-divisions, drainage, and all major earthworks, along with wet, and dry machinery hire.

“As a supplier of Trucks, Excavators and Heavy Earthmoving Services, Watto’s Earthmoving and Machinery Hire maintains it is our vision to manage our activities, products and services in a manner that reduces potentially adverse impacts on Health, Safety, Security and Environment.”

Our Goals

- Zero Harm – No Harm to people, Environment or Equipment
- Compliance with all relevant HSSE Legislation
- Continual improvement of our HSSE Management System

Our Principles Are

- A Systematic approach to HSSE Management is used to align our activities, to set annual targets, and to report progress
- Identify HSSE critical operations and installations, and to reduce significant risks and impacts to as low as reasonably possible
- Our Staff and Contractors are required to comply with Watto’s, Work , Health & Safety , Environment and Sustainability and Quality Standards and Policy’s
- We will monitor, audit and review our HSSE Performance against internationally accepted HSSE Management Standards
- We will maintain open and transparent relations with employees, contractors , authorities and the community, seeking constructive partnerships in meeting our HSSE challenges, and in uplifting the standards of our industry
